

TRAINING OF TRAINERS ON THE CCARDESA MEL SYSTEMS

JOHANNESBURG, SOUTH AFRICA

5th – 9th December 2022

Workshop Objectives

Futhi Magagula
Programme Officer

CAADP

Overall Objective

- To build the capacity of selected CCARDESA staff and national M&E specialists on the MEL Systems, Knowledge Management, and sensitize participants on the CAADP Biennial Review reporting process.

Specific Objectives

- Undertake capacity building of CCARDESA and countries' M&E specialists in M&E processes, data collection, standard, and functional M&E practices.
- Sensitize national M&E specialists on Information, Communication, Knowledge Management, Dissemination, and CCARDESA Mobile App.
- Facilitate uploading project data into the CCARDESA MEL system and generate different reports.
- Enhance participants' understanding of the CAADP-XP4 MEL system and data collection tools and agree on a roadmap for the submission of information for selected indicators.
- Identify relevant data sources.
- Highlights on the M&E reporting on the Malabo commitments.

Expected outputs

- CCARDESA staff and countries' M&E specialists capacitated on critical M&E processes, data collection, standard, and functional M&E practices
- Participants' understanding of KM enhanced.
- All CCARDESA project data and consolidated annual work plans are uploaded into the MEL System.
- Participants are familiar with the CAADP-XP4 MEL System and relevant data collection tools, templates, and data sources identified and documented.
- Participants familiar with the CAADP/Malabo commitments reporting process
- CCARDESA annual report generated through the MEL system
